Hello!!!!!!

How is that dippy cousin of mine by the name of John Richard Walker the second? Remember all the cute little innocent tricks we've pulled this year! Wow, what a riot. I'm going to tell your mother about the time you disconnected the speedometer. Will she be mad! I'm also going to tell her you sluffed and hid behind my couch. This year has been great. Nuh!

We've been such little angels and everything. I've really had fun double-dating with you kids this past year and I know you've enjoyed having me too (Ha) Do you think I'll be able to fill a whole page? I don't think I can think up enough things nice to say all except that I'm quite cute and enjoyed having you in my Seminary class. (Just kidding I really haven't enjoyed it one bit) Seriously I do think you're a pretty good kid minus a few loose brains! You've got a personality that will take you a long ways in this world. Just keep it up and you'll always have nice friends like me. (Wow! You can play the piano good.) John, I just want to wish you lots of luck & success cause I love ya millions! We will have to get the little red olds & have a ball this summer. Keep those good looks & you'll have to club the girls away

Love Judith (cute)

John, this year, I

PRESENTING THE 1958

AMERICAN FORK

DEDICATION

To the walls of American Fork
sandstone or brick, adobe or lumber, cut in
sacrifice, cemented by endurance and faith. On
these walls lies our story. They represent our youth—
our golden age. They are the sand and sun of a hundred
years and a thousand students. They are the joy and success,
the tears and failure. They are the hope for the future. They hold
within their foundations the formula for peace. It is for us to find. May
she ever be as strong as her walls: Their strength, measured by the spirit
behind them; their years, numbered by the students they sheltered; their
capacity, extended to all who seek brotherhood. May American Fork's
walls stand in protection to good, as a barrier to evil always.

WITHIN THESE WALLS....

These walls hover over those common occurrences such as female students fainting while dissecting small animals in the biology lab; the ever-lasting grinding of some car in the mechanic shop, and oh, yes, those explosions letting acid fly in the chem lab; the long faces of girls who have proved to both teacher and self that they are not homemakers. The gymnasium walls hold many sorrows and joys. They can only hope to tell of all the emotional excitement created by the ball games played on its floor. They resound with fervor preceding the school song. The campus is small and humble, but we treasure each and every particle of it. So it is that we will always remember the things which have happened here, as will the walls remember and keep as their deepest secret all of our fondest memories.

Dear John
 You have
 helped us so much
 this year. I surely
 appreciate your
 work. A Thanks so
 much. Good luck

Dear Johnny,
Despite the fact that you're a gabber
instead of a talker or speaker,
like you. Maybe we can
make a speaker out of you
next year. We can try. We
have a championship to de-

FOOTBALL

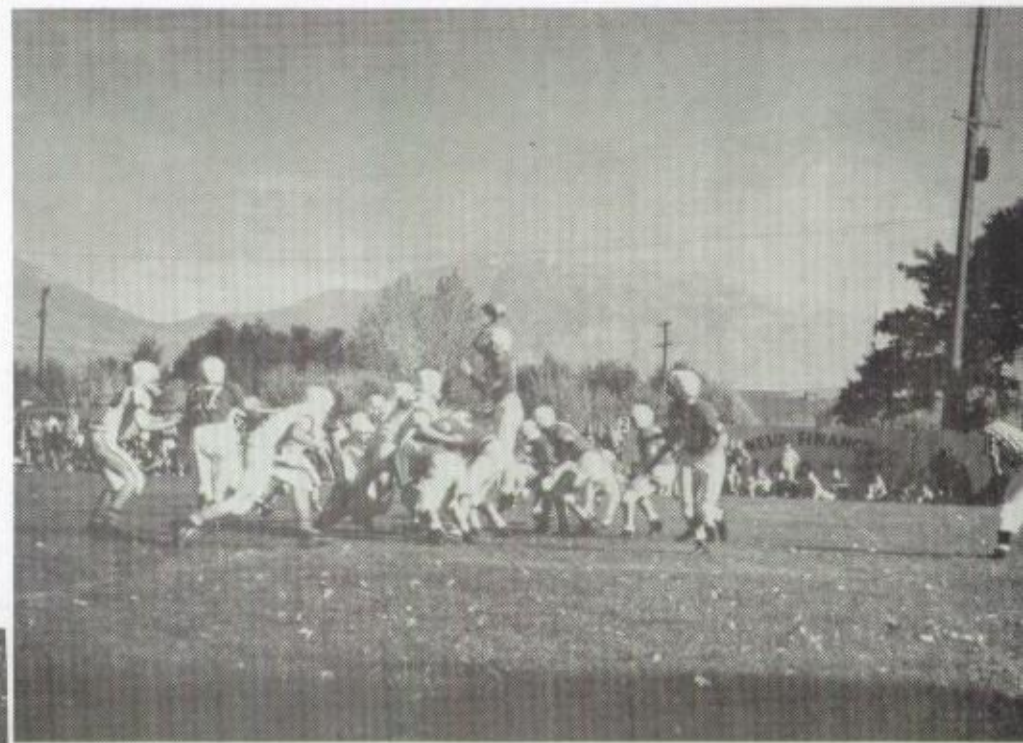

The grandstands are empty, the goalposts torn down, and the noise has died away. Thus ended another football season at A.F. Another team has come and gone, satisfied that they tried their hardest and proud to have participated.

Congratulations must go to Dave and Ron, as tremendous football players and top captains, and to Leo and Mac for their fine coaching.

Records show a 4-4 season with wins against Wasatch Academy, Coalville, B.Y. High, and Union; and losses to P.G., Lehi, Uintah, and Murray.

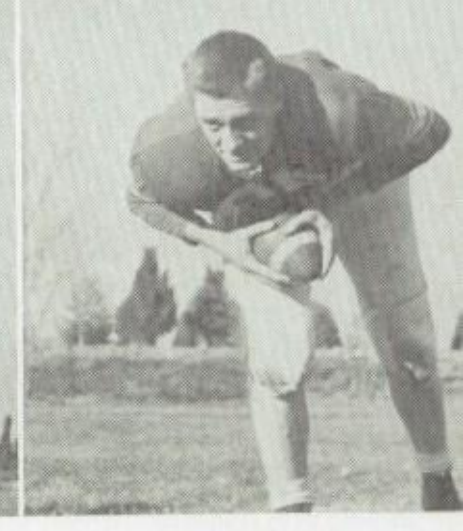

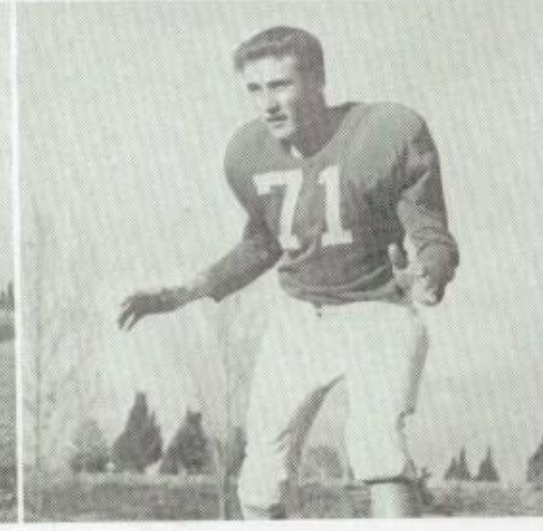

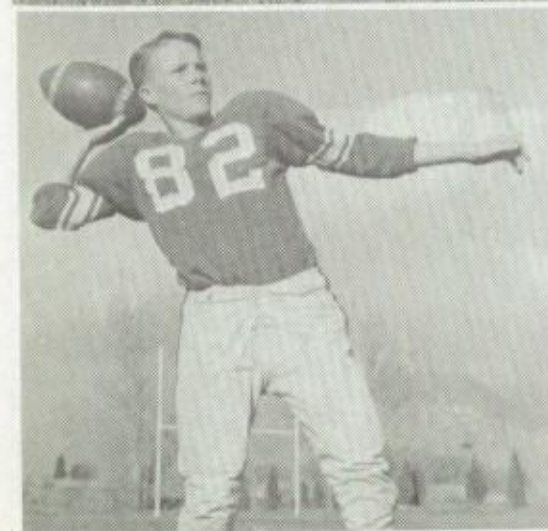

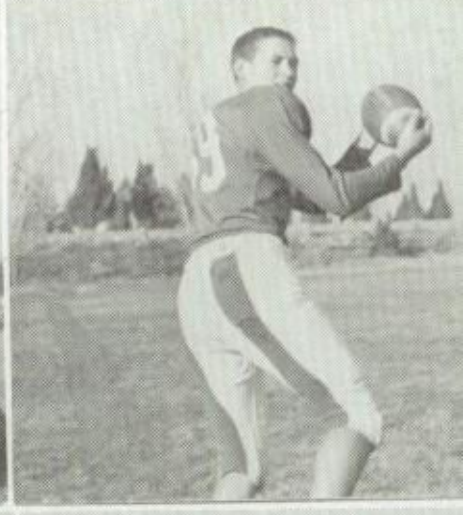

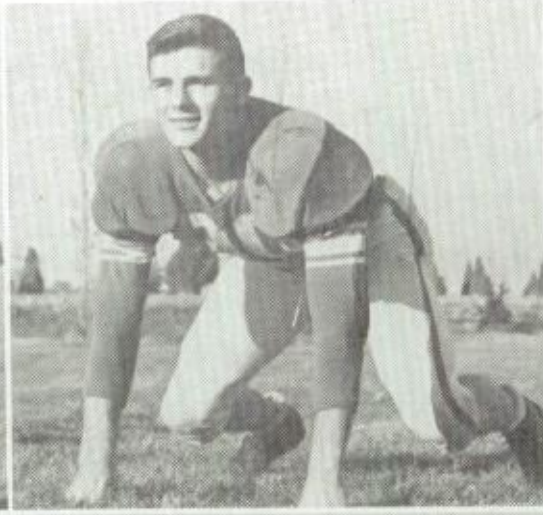

The juniors fought hard all year long and will have the team next year that will take the Cavemen all the way to the top.

First row: Ronnie Armstrong, Lynn Healey, Dennis Tittensor, Sherm Harris, Kent Schmidt, Ron Inouye, Dave Kaneko, Jay Taylor, Merlin Driggs, Michael Pritchett, Leon Munk, Tom Scholes, Charles Harrison. Second row: Jim McMillan, Brent Davis, Dennis Durfey, Frank Cobus, Jess Scott, LeEarl Healey, Kent Hanson, Dale Smith, Max Carson, Don Ashton, Max Chipman, Max Julian, Phil Read. Back row: Coach Leo Nelson, Ron Cook, Paul Kirkpatrick, Gary Rackman, Bob Monson, Bill Finney, Clark Allen, LeGrande Smith, Howard Parker, Peter Murdock, Gary Carter, Mark Allen, Davis Knight, Merrill Myers, Peter Scholes, Dale Carroll, Coach Don McIntosh.

First row: Tommy Despain, Lynn Harding, Raymond Hackford, Robert Mattinson, Mickey Miller. Second row: Harold Bateman, Brent Devitt, Mack Storrs, Bob Homer, Jimmy Robinson, Gerald Anderson, Dennis Tittensor, Keht Runolfson, Lowell Caldwell. Third row: Don McIntosh, Steve Cochran, Allen Austin, Glen Wright, Mike McCormick, Abe Dalley, Dan Nelson, Wayne McDaniel, Gary Evans, Sterling Harris, Leo Nelson.

BASKETBALL

Although a 2 to 8 record does not seem one to talk about, the A.F. Cavemen are not downhearted by any means. For season wins over Bingham, Murray, and Orem are no mean feat for any team, but the Cavemen didn't do so well against the teams turned out by Region Seven this year.

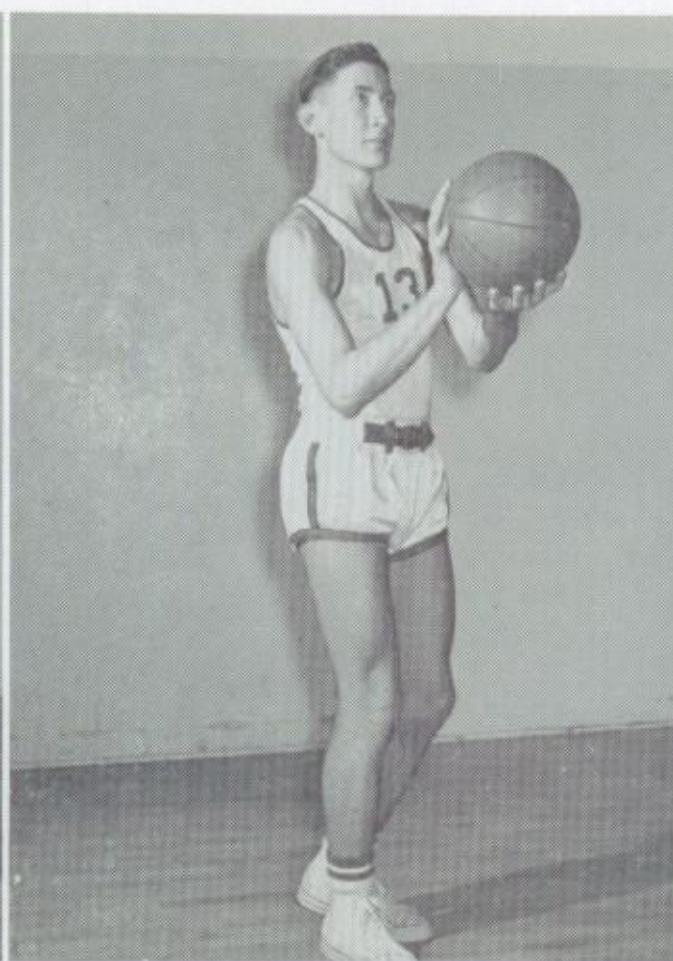

With only one returning letterman, Coach Don McIntosh has done a wonderful job with the material he had. Severely handicapped by a lack of height and experience, he put together a team that in other years would have gone all the way.

To a guy called John,

A new day will be turned on our
lives after next week. The joys, sorrows
excitement and just plain fun will be
written down as experience. The Sophomore
year to some is just another boring y
of school, but to me it is something
special. John, you are part of what
has made it different and fun. The
day rarely goes by without a laugh
and joke from you. To make it
enjoyable. I hope our friendship
continues because you are truly
good old bud. Thanks for all the
times we have had and be go
if you can it be good, have fun.
Next time I will write
more than I
did last year.

Hi pal,

Well how my sweet cousin? You are really a ball to be with. Just think, next year we will be stepping into your sophomores shoes and we will be mighty sophomores but you will be even bigger juniors. You will have to come over alot this summer so you wouldn't be mean to me next year. I can't wait till we get to start school again. Are you happy that school is just about out? I love the way you are practicing the piano right now. A Christmas song in May! O boy, go to bed and maybe tomorrow you will feel better. I guess there is not one thing we can do for that head of yours.

A Pal,

Hi John

How's my old bud. We sure have had
alot of fun this year. We sure have
had a riot in Biology and all the other
class we take together. We have had
alot of fun with Joan and Judith. I hope
we can always be the very best of
friends and always have fun to-
gether. We keep the "Big boys" wonder-
ing what's coming off now than
once. I don't know how I'm going
to fill up a page so I better sign
off.

A pal always

P.S.

Will have to
have alot of
fun this summer.

Hi Purple People eating buddies,

Well as you put so adequately before we will soon be out of school. Boy are we going to have fun this summer. Every night we are going to be going somewhere. Maybe if I ever get ~~on~~ the ball and get my license. You're right I haven't met from but I am surely looking forward to meeting her.

Just think of all good times we've had this year. ~~ball~~ Ball games and all those other times when we ~~go~~ went to the Lohis. Just think we will be big Juniors next year man that will be fun.

Hi Meanie,

Well my word this year has had it. Next year, I hope, will be just as fun as this. Boy, haven't we had a riot and 1/2 in band and Beethoven? I only wish I could have gone to Lubi more. You guys really must have had fun. But, I guess maybe next year everything will be different in many ways. You are really one cute kid and your personality has made this year a lot more bearable. My word I knew what I was going to write but I can't think of anything now. I remember that old band party. I still wish we could have taken one of those little glasses. Let me tell you, when I get my license I will come and pick you up and we'll go to Petersonville. &? I can't wait. I guess I can quit "messin'" up your book. I'm wishing one of the cutest kids around all the luck & success in the world. Be good and don't do anything I wouldn't (leaves an open field) See ya in the summer if we march. Give me a ride on the A Soph Dal roller coaster!

Hi Johnny,
We've really had a
ball this year, haven't
we? Especially in
English. You really
have a neat personality
and I know that
you will be a big
success in whatever
you do.
